

Arc Flash Faceshield

Arc flash faceshields are designed for electricians during work in which a risk of a fault arc exists.

FCA8

ATPV : 11 cal/cm²

GS-ET 29
CE Certification for
electrical works

Arc-rated
CAT. 2
Meet ASTM F2178
ATPV 11 cal/cm²

Protection against
short circuit
electric arc

Protection against
high-speed particles
at extreme temperatures

Protection against
molten metals and
hot solids

True color vision

UV protection
U6 (ANSI Z87.1)
2C-1.7 (EN 170)

IR protection
R2.5 (ANSI Z87.1)

Best optical class

Anti-scratch
